The Orangerie is open for anything and everything: regardless whether party, seminars, weddings or product presentations, guests love the bright and friendly ambience of this mediterranean spot. The spacious glass front reveals views and perceptions of the sculptures in the park and on the water level. The external areas are a stage setting in themselves and, at the same time, an integral element of the whole scenery. The Orangerie is especially attractive in the evening, when the lights of the park add their own special charms. An evening guided tour through the trick fountains can be easily arranged.

Tip: the Orangerie is highly suitable for seminars: fully equipped with screen and darkening facilities.
