The Orangery is open to everything

Whether party or seminar, wedding or product presentation: Guests are always delighted by the bright and friendly atmosphere of this Mediterranean hall. The generous glass front opens up views from and into the sculptures in the park and the water parterre. The grounds become a scenic backdrop and are also part of the event. The Orangery is particularly charming in the evening, when the park's lighting effects create a wonderful atmosphere. We would be glad to organize an evening tour of the Trick Fountains for you. We can even provide atmospheric torch lighting if you prefer.

Tip: The Orangery is ideal for seminars – completely furnished with a projection screen, room darkening and shading.
